

# SCIENTIFIC PROGRAM

## SUNDAY, SEPTEMBER 25TH, 2022

**Welcome**  
**17:00-17:30**

**Audimax**

**Helmut Grubmüller**, Göttingen, GER  
Chair of the German Biophysical Society

**Karin Hauser**, Konstanz, GER  
Conference Chair

**Plenary Session 1**  
**17:30-19:00**

**Audimax**

**Chair:** Karin Hauser, Konstanz, GER

**17:30-18:00 T1** **Claudia Steinem**, Göttingen, GER  
*How does the new antibiotic lugdunin kill MRSA?*  
*– An in vitro analysis*

**18:00-18:30 T2** **Sandro Keller**, Graz, AT  
*New native nanodiscs for membrane-protein biophysics*

**18:30-19:00 T3** **Daniel Huster**, Leipzig, GER  
*Rhomboid-catalyzed intramembrane proteolysis requires hydrophobic matching with the surrounding lipid bilayer*

**19:00-21:00** **Get Together (Food & Drinks)**

**Foyer**
